

Student Activity Policy

§1 Purpose

This policy governs the conduct, approval and documentation of student club activities held on campus.

§2 Registration of Clubs

§2.1 Every student club must be registered with the Office of Student Affairs at the start of each academic year.

§2.2 A club that is not registered for the current academic year may not request funding, venues or event permissions.

§3 Approval Chain for Club Events

§3.1 All student club events require approval from the Faculty Advisor of the organising club before any other approval is sought.

§3.2 Faculty Advisor approval alone is sufficient for club-organised activities. A registered student club is not itself an academic department, and club events do not additionally require Head of Department approval.

§3.3 No event may be publicised, ticketed or funded until the approval in §3.1 is recorded.

§4 Faculty Advisors

§4.1 Every club must have a registered faculty advisor on record with the Office of Student Affairs.

§4.2 Where a club has no registered faculty advisor, event requests from that club are not admissible.

§5 Multi-day Events

§5.1 Events running for more than one day require additional documentation, comprising a day-wise schedule and a named point of contact for each day.

§5.2 The additional documentation in §5.1 must be submitted along with the event request.

§6 Post-event Reporting

§6.1 A brief report and expenditure statement must be filed with the Office of Student Affairs within fourteen days of the event.

§7 Departmental and Academic Actions

§7.1 Actions initiated directly by an academic department, rather than by a registered student club, require approval from the Head of Department. This includes course registration changes, elective drops, and departmental equipment procurement.

§7.2 Head of Department approval under §7.1 does not require prior Faculty Advisor approval, since no student club is involved.
